EDITORIALS

Pulmonary hypertension begets pulmonary hypertension: mutually reinforcing roles for haemodynamics, inflammation, and cancer-like phenotypes
D. Wu and S.L. Archer 1

Myosin light chain phosphorylation, novel targets to repair a broken heart?
D. Szczesna-Cordary and P.P. de Tombe 5

A balancing act in cardiac hypertrophy
S.J. Matkovich 8

Is stress response a new link between adipose tissue and atherogenesis? The role of HSPs/HSF1
I. Akoumianakis and C. Antoniades 10

Ryanodine receptor-2: a necessity for gating store-operated Ca^{2+} channels
S. Song, R.J. Ayon, and J.X.-J. Yuan 13

ORIGINAL ARTICLES

Integrative physiology and pathophysiology

Haemodynamic unloading reverses occlusive vascular lesions in severe pulmonary hypertension

Anti-platelet drugs attenuate the expansion of circulating CD14^{hi}CD16^{+} monocytes under pro-inflammatory conditions
K. Layne, P. Di Giosia, A. Ferro, and G. Passacquale 26

Cardiac biology and remodelling

Acute heart failure with cardiomyocyte atrophy induced in adult mice by ablation of cardiac myosin light chain kinase

Essential light chain S195 phosphorylation is required for cardiac adaptation under physical stress

The H19 long noncoding RNA is a novel negative regulator of cardiomyocyte hypertrophy

Mimicking the cardiac cycle in intact cardiomyocytes using diastolic and systolic force clamps; measuring power output
M. Helmes, A. Najafi, B.M. Palmer, E. Breet, N. Rijnveld, D. Iannuzzi, and J. van der Velden 66

Vascular Biology

Heat shock factor-1 knockout enhances cholesterol 7α-hydroxylase (CYP7A1) and multidrug transporter (MDR1) gene expressions to attenuate atherosclerosis

Flt-1 (VEGFR-1) coordinates discrete stages of blood vessel formation  
84

Conformation of ryanodine receptor-2 gates store-operated calcium entry in rat pulmonary arterial myocytes  
A.H.Y. Lin, H. Sun, O. Paudel, M.-J. Lin, and J.S.K. Sham  
94

Endothelial lipid phosphate phosphatase-3 deficiency that disrupts the endothelial barrier function is a modifier of cardiovascular development  
I. Chatterjee, J. Baruah, E.E. Lurie, and K.K. Wary
