Aims and Scope

Cardiovascular Research is the international journal of the European Society of Cardiology for basic and translational research, across different disciplines and areas. The Journal aims to enhance insight in cardiovascular disease mechanisms and the perspective for innovation. The Journal welcomes submission of papers both at the molecular, sub-cellular, cellular, organ, and organism level, and of clinical proof-of-concept and translational studies. Manuscripts are expected to provide a significant contribution to the field with relevance for cardiovascular biology and diseases. Manuscripts may be submitted as Original Articles, Short Communications & Method Reports or Reviews. Moreover, the Journal publishes Letters to the Editor and Editorials (the latter are usually invited), as well as comprehensive series of review as ‘Spotlight Issues’.

Cardiovascular Research is Abstracted/Indexed in: Biological Abstracts; Chemical Abstracts; Current Contents Life Sciences; Current Contents Clinical Medicine; Index Medicus; Journal Citation Reports®; EMBASE/Excerpta Medica; NRI; Biotechnology Abstracts; Nutrition Abstracts; Index to Scientific Reviews; SLIC Data Bases.

A subscription to Cardiovascular Research comprises 14 issues (includes Cardiovascular Research Supplements). All prices include postage, and for subscribers outside the UK delivery is by Standard Air. Advance Access contains papers that have reached corrected proof stage, but have not yet been included within an issue. Advance Access is updated daily.

Annual subscription rate (Volumes 109 -112 14 issues, 2016)

| Institutional | Print and electronic access: £1200/US$2400/€1800
| Print only: £1104/US$2208/€1656
| Site-wide online access only: £904/US$1808/€1356
| Personal | Print edition and individual online access: £375/US$711/€563

Please note: USS rate applies to US & Canada, Euros applies to Europe, UK applies to UK and Rest of World.

There may be other subscription rates available, for a complete listing please visit http://www.oxfordjournals.org/our_journals/cardiovascres/access_purchase/price_list.html.

Full prepayment, in the correct currency, is required for all orders. Orders are regarded as firm and payments are not refundable. Subscriptions are accepted and entered on a complete volume basis. Claims cannot be considered more than FOUR months after publication or date of order, whichever is later. All subscriptions in Canada are subject to GST. Subscriptions in the EU may be subject to European VAT. If registered, please supply details to avoid unnecessary charges. For subscriptions that include online versions, a proportion of the subscription price may be subject to UK VAT. Personal rate subscriptions are only available if payment is made by personal cheque or credit card and delivery is to a private address.

The current year and two previous years’ issues are available from Oxford University Press.
